

Onder Kimya which was founded in 1967 is a subsidiary of the Onder Group of Companies. The other companies of the group are, Asyol Construction Co. which is a road construction company, Poli Signs Co. which is an outdoor indoor sign production company, Ozgun Tourism (Ladin Hotel), Anti Ses bariyeri Co. and Global Ice Systems Co.

Onder Kimya is producing cast PMMA acrylic sheets, under the trade name **Onderglas**. We produce Onderglas sheets in 90 different standard colors, in 15 different sizes and 13 different thicknesses (changing from 1,5 mm to 25 mm). Our yearly production capacity is 400 metric tons.

Our company is also a leader in processing acrylic sheets in Turkey. We have an acrylic sheet workshop in which we form the sheets we produce for various needs of our customers. We have CNC routers, CNC lasers, all kinds of thermoforming facilities (like bending, mould forming, vacuum shaping, free blowing etc), and all kinds of polishing facilities (like flame polishing, diamond polishing and mechanical polishing) in our workshop.

Our company is also importing cast acrylic sheets from different countries. Since 2005 we are representing the company **Sumipex** in Turkey. Sumipex is a major cast acrylic sheet producer located in Thailand.

In addition to all these economic activities, we are also importing metallic sheets, acrylic mirrors and extruded acrylic sheets from various companies from different countries and selling them in the Turkish market.
